

CAE-569: Pharmacy Benefits Management (PBM/10P4P) Services

This page has been made public for vendors

Abstract

The VA application is being developed and maintained by Pharmacy Benefits Management (PBM/10P4P) Services.

Explanation

Pharmacy Benefits Management (PBM/10P4P) Services is located in Washington, DC, and has several programs decentralized throughout the country to provide organizational and clinical leadership to VHA Pharmacies, as well as support to other healthcare providers, to facilitate the highest quality care to veterans by ensuring safe, effective, and medically necessary use of medications.
