

CAE-99: Office of Information and Technology

This page has been made public for vendors

Abstract

The VA application is being developed and maintained by the Office of Information and Technology (OI&T).

Explanation

The Office of Information and Technology delivers available, adaptable, secure, and cost-effective technology services to VA—transforming the Department into an innovative, 21st century organization—and acts as a steward for all VA's IT assets and resources. OI&T delivers the necessary technology and expertise that supports Veterans and their families through effective communication and management of people, technology, business requirements, and financial processes.
