

# CAE-441: Office of Enterprise Risk Management

This page has been made public for vendors

## Abstract

The VA application is being developed and maintained by the Office of Enterprise Risk Management.

## Explanation

The Office of Enterprise Risk Management (ERM) was established to provide an end-to-end solution in the management of OI&T enterprise risk. The mission of ERM is to anticipate, identify, prioritize, manage, and monitor OI&T enterprise risks and to provide assurance regarding the achievement of OI&T objectives.
