

# Announcing Fortify Secure Coding Rulepacks Version 2015.4.0

The purpose of this announcement is to communicate to VA developers and contractors that a new Fortify rulepack has been released, version 2015.4.0

VA developers and contractors should upgrade to the newest version at their earliest opportunity.

The most recent version of Fortify, and the complete, most recent set of the Fortify rulepacks must be used when scanning code.

Release notes can be viewed here: [HPE Security Fortify Software Security Content - 2015 Update 4.pdf](#)

For information about requesting Fortify software, please see the [FAQ](#).
