

Announcing Fortify version 4.2

MESSAGE FROM THE OIS SOFTWARE ASSURANCE PROGRAM OFFICE

The purpose of this announcement is to communicate to VA developers and contractors that a new version of Fortify has been released, version 4.2.

VA developers and contractors should upgrade to the newest version of Fortify at their earliest opportunity.

Release notes can be viewed here: [HP_Fortify_Whats_New_4.20.pdf](#)

For information about requesting Fortify software, please see the FAQ [here](#).
